Doug / Craig -

Thanks for the report. It looks like you are hitting a few speed bumps at Coldwater but as we all knew, that is to be expected. Glad to see you are working on some higher value export opportunities in Japan/Korea as that will help take some of the pressure off of domestic sales with the volumes increasing so fast as well as provide some nice margins. Let me know if I can be of any help or a sounding board on that.

I know you guys have everything under control but please let me know if I can help in any way.

Best Regards,

Rod
